Film Production Guidelines

Welcome to the City of Los Angeles, Department of Recreation and Parks (Department). In our partnership to protect the environmental integrity of our parks the Park Film Office is providing guidelines to ensure a safe and successful film shoot. Please review and provide copies of these guidelines to the appropriate responsible persons. Thank you for the continuous use of our parkland.

- Vehicles and/or heavy equipment are not allowed on turf areas unless prior approval is given by the Park Film Office.
- Production companies must provide their own restroom and trash receptacles. The City dumpsters and trash cans cannot be used so all self-generated trash has to be removed and disposed of off-site.
- Film permits do not provide exclusive use of a park or recreation area.
- Service roads, parking lot driveway access, handicap or electric vehicle designated parking stalls may not be blocked or restricted. Emergency vehicle access lanes must be maintained in parking lots and park streets at all times.
- Due to underground plastic irrigation lines and trees having shallow root systems, staking or drilling into turf, rocks, trees or asphalted areas is not permissible unless prior approval is given by the Park Film Office. This approval will be noted in the permitted guidelines.
- Locked park gates can only be accessed by a Park Film Office Monitor. Security of open gates must be provided by the permitted company. Any equipment that is permitted to stay overnight must be guarded by the permitted company's security group.
- Alterations to natural or manmade surroundings or content of the park are not permissible unless documented in these specific guidelines. The permit holder is financially responsible for all remediation should there be any damage or unauthorized alteration to Department property. The remediation and cost of will be determined by the Park Film Office.
- A Park Film Office Monitor(s) may be assigned to the permitted location. Their job is to ensure guidelines are followed, liaison between park patrons, other City employees and a communication link between Permitee and the Park Film Office for any additional needs or authorizations. When the Park Film Office is closed the Park Film Monitor has the authority and responsibility to modify these guidelines within the parameters given to them by their supervisor. The Park Film Monitor has access 24/7 to contact their supervisors if needed. The Permitee will be required to adhere to the instructions, restrictions and requests given by the Park Film Monitor.

MODEL PERMIT

- Smoking is prohibited on all Department properties. An exception has been made for permitted film production companies to smoke in areas that are designated by the Fire Safety Officer or Park Film Monitor. If a Fire Safety Officer or Park Film Monitor is not assigned to the Permitee there will be no smoking with the exception of an actor smoking while performing or as part of the scene.
- A designated smoking area may not be near any patron activity or facility. Large buckets of sand or water must be placed in this area for disposal of tobacco or tobacco related products. The designated smoking area may be revoked or not allowed depending on weather and location conditions. Failure to comply with the smoking restrictions may result in a fine.

CEDAR GROVE GUIDELINES

In order to maintain and preserve Cedar Grove as an attractive environment for both park patrons and the film industry, we ask that you to follow the guidelines below:

- Weekend and Holiday filming is at the discretion of the Park Film Office and permissible on a case by case basis.
- Inactive base camp or set may be considered on a case by case basis.
- Recreation & Parks reserves the right to limit production to 5 consecutive days or less.
- Stake-beds or pickup trucks may enter Grove for loading and un-loading only and will not be permitted past the Tree Line (large boulders) and must back out of Grove.
- Picture vehicles under 3 tons and ATV's (gators and mules) may pass boulders but must remain on the dirt road on the east side of the Grove.
- Generators, construction cranes, musco lights, condors, scissor lifts, etc, are not permitted beyond the paved road.
- Cable may be pulled from generator into Grove area on road only.
- Alteration or movement of landscape features such as logs, rocks, plants, ground cover, and roadway material, are not permitted.
- Dolly track must be laid at least three feet from existing vegetation.
- Absolutely no personnel or equipment is allowed in or on vegetation. Crews must stay within existing paths at all times.
- Bolting or nailing to trees is not permitted. Branches may be pulled back and tied at monitor's discretion. No pruning of trees or plant life.
- No explosions, digging, staking or smoking in Grove area. Smoking areas must be designated outside of Grove by companies and approved by Fire Inspector.
- Catering and Craft Services is not allowed in Grove. Left over food, wrappers, or the like, must be removed from premises on a daily basis.
- Alterations due to negligence, accidents or otherwise, must be restored to original or better conditions at companies expense.
- Company must stay on dirt path from the paved road to the palm tree (entrance to the grove). NO EXCEPTIONS!!
